

## Capital Assistance Program Increase!

The Rocky REA realizes that building a new service can be an expensive endeavor. To aid new service builds, your Board of Directors has increased the Capital Assistance plan from 70% of upfront cost to 100%! New members can now install a new service with NO upfront cash required!

For more information about our capital assistance program, please call or visit the office, or visit our website.

## Update on Paperless Billing Program

**We have had a great response from members regarding the e-billing program outlined below. Many members have provided us with their email addresses and we would like to thank you all for your support and enthusiasm!**

Rocky REA is developing an electronic system to improve communication with our members in such areas as pre-planned power outage notifications, important news affecting the power system and billing. Postage and handling savings will be passed on to those members who participate by providing us with a valid email address. This email address will only be used for Rocky REA purposes and not distributed to any other organization.

*When* our system is fully capable of sending electric service bills electronically (on or before January 2016), members who have provided their email address will begin receiving a \$2.00 per month discount on their administration fee.

Anyone who provides their email address prior to the launch of our new system will have their name entered into a draw for \$250 credit to be applied to their REA bill. (This includes all those who have already provided their email address.)

To take advantage of this offer, please authorize use of your email address for billing purposes as well as other notifications by emailing us at

## Vegetation Management Services Available!

The Rocky REA now offers residential and commercial tree services! We offer danger tree removal, chipping, stump grinding, and tracked mulching.

Let our professional Utility Tree Trimmers and Utility Tree Workers care for your acreage, farm, or commercial property. Book a consultation today at 403-845-4600.

Rocky REA members receive 10% off all services!

### A Note to Members...

Please be advised that one of our contractors will be testing power poles in our service area this month. If you have any questions or concerns, please contact the office.

Our office will be closed Monday September 7, 2015 for Labor Day
