

Rocky REA in the Community

On September 18, 2015 the Rocky REA donated Vegetation Management Services to Friends of Habitat for Humanity Rocky Mountain House. Our Certified Utility Tree Trimmers removed eight trees and ground down the stumps at the Habitat Renovation Job site in Rocky Mountain House. The Rocky REA is pleased to contribute to charitable efforts in the community. To learn more about the ways the Rocky REA supports the community please visit our website, www.rockyrea.com.

For inquiries about our Vegetation Management Services please contact the office at 403-845-4600 or by email at rockyrea@rockyrea.com

**Our office will be closed Wednesday November 11, 2015 for
Remembrance Day**

Lest We Forget

They shall not grow old, as we that are left grow old;

Age shall not weary them, nor the years condemn,

At the going down of the sun and in the morning

We will remember them.

Update on Paperless Billing Program

We have had a great response from members regarding the e-billing program outlined below. Many members have provided us with their email addresses and we would like to thank you all for your support and enthusiasm!

Rocky REA is developing an electronic system to improve communication with our members in such areas as pre-planned power outage notifications, important news affecting the power system and billing. Postage and handling savings will be passed on to those members who participate by providing us with a valid email address. This email address will only be used for Rocky REA purposes and not distributed to any other organization.

When our system is fully capable of sending electric service bills electronically (on or before January 2016), members who have provided their email address will begin receiving a \$2.00 per month discount on their administration fee.

Anyone who provides their email address prior to the launch of our new system will have their name entered into a draw for \$250 credit to be applied to their REA bill. (This includes all those who have already provided their email address.)

To take advantage of this offer, please authorize use of your email address for billing purposes as well as other notifications by emailing us at
