IN THE COMMUNITY

On July 6, 2016 the Rocky REA Vegetation crew volunteered their time and equipment to Habitat for Humanity Rocky Mountain House. Our certified Utility Tree Trimmers helped out with some much needed yard clearing of overgrown bush and dying shrubs. The Rocky REA is pleased to continually be involved with the charitable efforts within the community. DISTRIBUTION INVENTORY 2016

The Rocky REA has initiated a project to inventory all of our distribution system assets (poles, transformers, wire). To do so, our field personnel will need to travel to all Rocky REA owned poles. Most of these will be on private property.

Rocky REA staff will make every attempt to contact the landowner immediately prior to entering the property. Due to the large scope of the project, accurate advance notification of when we'll be on private property is very difficult. The project will take approximately three months.

We appreciate your continued cooperation.

A NOTE TO MEMBERS...

Please be advised that one of our contractors will be testing power poles in our service area this month. If you have any questions or concerns, please contact the office.

The Rocky REA office will be closed September 05, 2016 for Labour Day
